

RESOURCES FOR SCHOLARS AND RESEARCHERS

Calder librarians provide access to and services for:

- Worldwide scientific social networking
- UM-based collaboration and mentoring
- Tools for human- and animal-based researchers
- Sharing PubMed citations with colleagues via a URL link
- Automatically alerting team members when new research is published on a certain topic/author/paper
- Tracking your publications and seeing who has cited them
- Downloading hundreds of full-text articles with a mouse click and performing searches and clustering analyses within them
- Organizing and sharing your bibliographies with colleagues
- Identifying your *h-index* and the impact factor of journals
